

EDII hosts IDE Bootcamp with AICTRE and MIC

The Entrepreneurship Development Institute of India (EDII) hosted the third edition of the 'Innovation, Design and Entrepreneurship' (IDE)

bootcamp, organised with AICTE and the Ministry of Education's Innovation Cell. The inaugural session saw over 200 students from institutions across 14 states, including Jammu and Kashmir. Overall participation reached around 6,500 students, including Smart India Hackathon teams and IIC institutions. The bootcamp focused on design thinking, innovation and pitching, with faculty mentors guiding teams in refining ideas and preparing them for industry readiness.
