The Entrepreneurship Development Institute (EDI) hosted the 9th biennial conference on Entrepreneurship on Wednesday at its campus in Bhat. Inaugurated by state minister Jay Narayan Vyas, it was at-

tended by participants from across India and abroad.

"With globalization, the scenario is rapidly changing. At this time, new challenges and opportunities are emerging in entrepreneurship. So, it is important for entrepreneurs to understand global

trends at the right time i.e. before starting new ventures. Successful entrepreneurship is not a simple thing and requires determination, the best of performance, as well as skills of taking calculated risks," said Vyas, in his inaugural speech.
